
BLOG POST EDITING

MAKE YOUR WORDS WORK FOR YOU

HI, I'M RACHELLE REA COBB

As a busy blogger, do you wish you could find more time in the day? With my blog post package, I offer to polish your blog posts until they shine so that you don't have to spend hours editing. All you have to do is draft, allow me to edit, and then press publish. I not only save you time, I make sure you never publish a blog post with a typo—ever again.

HOW I CAN HELP YOU

This package is designed primarily for bloggers + business owners who are busy growing their online presence—and need help getting blog posts from draft to polished post.

Choose however many posts/articles you'd like me to queue for any given month. Send them to me as a file, or I can edit straight from your WordPress dashboard using the EditFlow plug-in (which allows you to assign me posts in Pending Review).

If you assign posts to me M-Th, my turnaround time is less than 24 hours.

RATES

\$15 per blog post up to 1,000 words
\$20 per blog post up to 1,500 words
